## Bone Suckin' Beef Jerky

Bone Suckin' Beef Jerky is handmade by the Cow Creek Band of Indians in Oregon. Their experience in making jerky for generations helped us to create an all natural jerky flavored with natural hardwood smoke that has no nitrates or preservatives.

With the same quality standards and great taste you've come to expect from all of our Bone Suckin' Sauce products, we know you'll love our Bone Suckin' Beef Jerky as much as we do.
